## Step 1

Visit <https://ecourseware.work>

The screenshot displays the eCourseware website interface. At the top, there is a navigation menu icon (three horizontal lines), the eCourseware logo (an owl icon with the text 'eCourseware'), and a search icon labeled 'Search Q'. The main content area features a large blue banner with the text 'CST 107 Introduction to Software Development' in white. Below this, there is a left arrow icon, the text 'AIUWA CLASSES' in orange, and the course title 'Protected: CST 107 – Introduction to Software Development' in white. The date 'July 11, 2020' is displayed below the title. The background of the banner is a stylized illustration of a cityscape with buildings and a laptop. In the bottom right corner of the banner, there is a '1 | 5' indicator and a WhatsApp chat icon. Below the banner, there is a white footer area with the text 'Naka Nza Deff Gambia!' on the left and a WhatsApp chat icon on the right with the text 'Need Help? Chat with Akuwudike on WhatsApp'.

OBTAIN CLASS MEETING  
TIMETABLE

This is a foundational course that exposes students to the different Web technologies, from simple to complex, and introduction to the design, creation, and maintenance of web pages and websites. Students will learn how to critically evaluate website quality, learn how to create and maintain quality web pages, learn about web design standards and why they're important, and learn to create and manipulate images.

## Course Objectives:

At the end of this course, students will be able to analyse, program, and design internet and mobile based applications, including multi-tiered client-server m
